HEAVY CIVIL INFRASTRUCTURE

Connecting communities through cutting-edge infrastructure

Diaphragm wall (wharf)

Marine pile foundation (Jetty)

Artificial reefs

ADVANCED DREDGING & MARINE SOLUTIONS

BUILDING WATERWAYS, STRENGTHENING COASTLINES, ENABLING INFRASTRUCTURE

Fleet & Equipment
- 2 Nos Imported Advanced Cutter Suction Dredgers
- Advanced Amphibious Pontoon Dredger

Dredging Scope
- Ports, rivers, canals & lakes
- Land reclamation & desilting
- Industrial intake & outfall channels

Technical Strength
- All soil types – silt to hardpan
- GPS based profiling & depth control

Execution Advantage
- Survey → Dredging → Disposal → Final Profiling

“IMPORTED TECHNOLOGY. INDIAN EXECUTION. GLOBAL RESULTS.”

CUTTER SUCTION DREDGING SERVICES

Expert dredging solutions to build waterways, deepen harbors, and reclaim land with high precision and environmental compliance.

Key Capabilities & Operational Scope

- **Capital & Maintenance Dredging**
- **Land Reclamation & Desilting**
- **Trenching for Pipelines & Cables**
- **Environmental & Ecological Dredging**
- **Port & Harbor Channel Expansion**

“PRECISION CUTTER SUCTION TECHNOLOGY FOR HARBORS & CHANNELS”

TRAILING SUCTION DREDGING

Advanced trailing suction hopper dredging services designed for large-scale land reclamation, port deepening, and coastal protection projects.

Key Capabilities & Operational Scope

- **High-Capacity Sand Extraction**
- **Deep Water Navigational Dredging**
- **Coastal Nourishment & Beach Restoration**
- **Efficient Long-Distance Material Transport**

“HIGH-CAPACITY HOPPER DREDGING FOR LARGE-SCALE LAND RECLAMATION”

OUR MAJOR PROJECTS

MARINE INFRASTRUCTURE & PORT DREDGING

Dredging at Madhwad Harbour, Gujarat

Client: Marine & Port Infrastructure Division

- Capital and maintenance dredging for navigation channel deepening
- Harbour basin desilting ensuring safe passage for fishing vessels
- Advanced cutter suction dredging in varying soil and seabed strata
- Precise GPS-guided bathymetric profiling and depth control
- Safe material transport and eco-compliant sand disposal

Dredging at Karaikal Fishing Harbour

MARINE INFRASTRUCTURE & HARBOUR WORKS

Client: Department of Fisheries / Karaikal Port Authority

- Capital and maintenance dredging at Karaikal Fishing Harbour
- Navigation channel deepening and bar mouth silt clearance
- Dredging of approach waterways for round-the-clock vessel passage
- Advanced cutter suction technology for hardpan and silt extraction
- Environmental compliance and safe reclamation disposal

Krusadai Island Dredging Project

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Navigation channel dredging and channel desilting works
- Deep water access channel restoration for eco-tourism boats
- Environmental dredging minimizing impact on marine biosphere
- Pipeline transport and beach nourishment works

Chandrapadi Dredging Project

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Coastal and river bar mouth dredging operations
- Beach nourishment through continuous dredged slurry pumping
- Navigation channel profiling and desilting works
- Heavy-duty dredger deployment ensuring seamless waterway flow

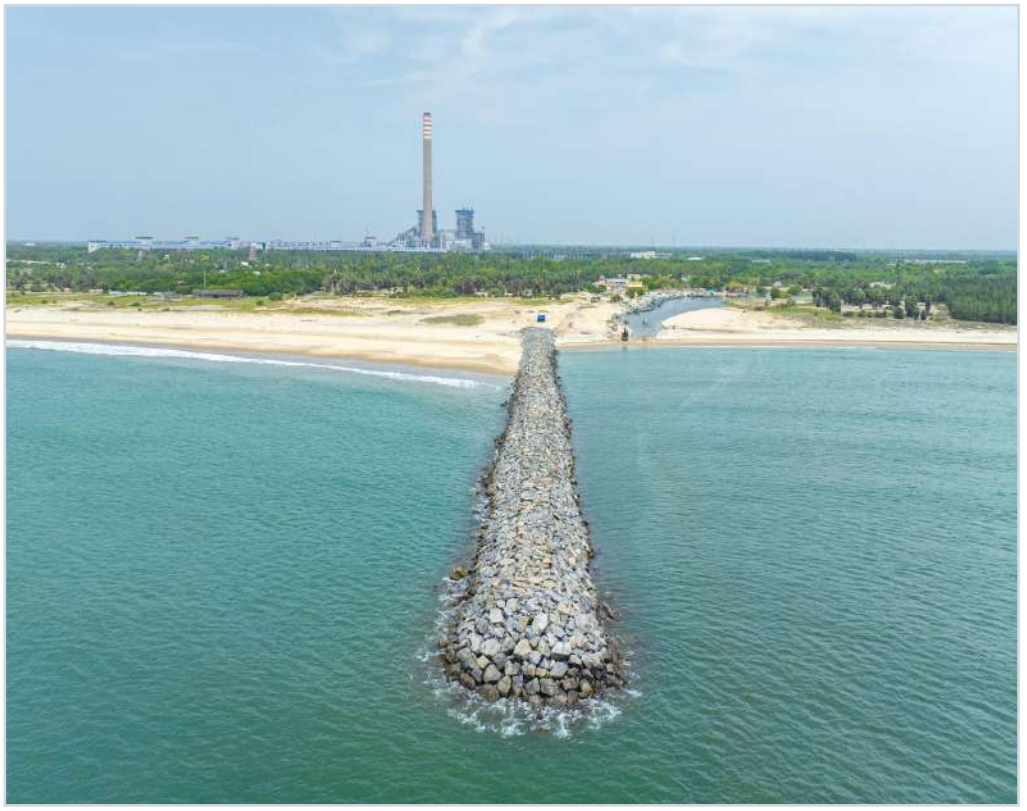

Pudukkupam - Groyne Work

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Bar mouth protection and shore stabilization works
- Groyne field construction for coastal erosion mitigation
- Heavy armor rock placement and geo-textile filter laying
- Ensuring resilient sea defense along vulnerable shorelines

Jegathapattinam Fishing Harbour Project

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Comprehensive fishing harbour development works
- Breakwater construction and quay wall infrastructure
- Harbour basin deepening and navigational channel access
- Berthing facilities for mechanized fishing fleet

Tuticorin Fishing Harbour Project

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Major fishing harbour infrastructure modernization
- Wharf, jetty, and marine pile foundation works
- Capital dredging of basin and approach fairways
- Enhanced berthing capacity for coastal trawlers

Nochikuppan Canal Dredging

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Urban tidal canal dredging and channel restoration
- Silt and debris removal restoring vital drainage flow
- Flood prevention and environmental rejuvenation of waterways
- Efficient disposal pipeline network and bank stabilization

Vallampedu Kuppam Cannal Dredging

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Inland canal dredging and desilting project
- Restoring natural water carrying capacity and flow rate
- Specialized amphibious pontoon and suction equipment
- Erosion control and sustainable silt utilization

Thiruvalluvar Statue Renovation Project at Kanniyakumari

MARINE INFRASTRUCTURE

Client: Marine & Infrastructure Projects

- Iconic monument renovation & coastal weathering restoration
- Specialized marine-grade protective coating systems
- High-durability sealant application resisting salt spray
- Preservation of landmark maritime cultural heritage

Construction & MEP Works @ Teleflex Medical

INDUSTRIAL & MANUFACTURING

Client: Teleflex Medical Pvt. Ltd., Pondicherry

- Construction of Industrial Plant & Warehouses
- STP & ETP Works
- Complete Electrical LT Systems
- HVAC Clean Room - Class 7
- Fire Fighting, LVS & PA Systems
- Compressed Air Lines & Industrial Plumbing

Motorola Mobile Manufacturing Facility

INDUSTRIAL & CLEAN ROOMS

Client: United Telelinks Neolyncs Pvt. Ltd.

- HVAC Clean Room: Class 1,00,000 & 10,000
- Chiller Plant - 300 TR x 2 Nos.
- DX Systems with AHU for Critical Areas
- Complete Electrical LT Distribution Systems
- Compressed Air Lines Network

Basement HVAC & MEP Restoration

COMMERCIAL MEP

Client: Nexus Vijaya Mall

- Complete Chiller Plant Restoration
- Basement Ventilation System Overhaul
- Waterproofing with Pressure Release Valves
- Electrical Panel Replacement & Commissioning

Madurai Periyar Shopping Mall Project

COMMERCIAL MEP

Client: Madurai Corporation

- Project Value: Rs. 15 Crore
- Central Chiller Plant: 300 TR x 3 Nos. with AHU
- Full Basement Ventilation System
- Electrical Substation: 2500 KVA
- Backup Power: 2000 KVA DG Set

MEP Works @ CETC

INDUSTRIAL & CLEAN ROOMS

Client: CETC Renewable Energy (India) Pvt. Ltd.

- Specialized HVAC Clean Room Installation
- Industrial Process Pipeline Works
- Electrical LT Power Distribution Systems

Cold Storage Facility & Warehouse Rectification

WAREHOUSE INFRASTRUCTURE

Client: Chennai Metropolitan Development Authority (CMDA)

- Cold Storage Capacity: 5,000 MT
- Complete Electrical LT Power Distribution
- Comprehensive Fire Fighting Systems
- Advanced CCTV Surveillance & Low Voltage Systems

Warehouse MEP Projects

WAREHOUSE INFRASTRUCTURE

Client: Value Space Logistics

- Project Value: Rs. 5 Crore
- Comprehensive MEP Works for 11 Warehouses
- Total Warehouse Area: 1,00,000 Sq. Ft. Each

Kitchen Ventilation Project @ All Canteens

HVAC SOLUTIONS

Client: Hyundai Motor India Pvt. Ltd.

- Project Value: Rs. 2 Crore
- Kitchen Negative Pressure Ventilation System
- Heavy-Duty Exhaust Hoods & Odor Extraction

Basement Ventilation Works @ Express Avenue

HVAC SOLUTIONS

Client: Express Avenue Mall

- Multi-Level Basement Ventilation Works
- High-Capacity Exhaust Fans & Fresh Air Fans
- Jet Fan Air Induction System for CO Clearance

MEP Works @ Arunai Medical College Hospital

HEALTHCARE & INSTITUTIONAL

Client: Arunai Medical College, Thiruvannamalai

- Complete Hospital Electrical LT Systems
- Fire Hydrant & Sprinkler Fire Fighting Systems
- Integrated CCTV Surveillance & LVS Network
- Healthcare HVAC & Operation Theatre Ventilation

Valluvar Kottam - Chennai

GOVERNMENT INFRASTRUCTURE

Client: Public Works Department, Tamil Nadu

- HVAC VRF Systems with AHU - Samsung 500 HP
- Electrical Infrastructure - 750 KVA DG Set
- High Tension (HT) & Low Tension (LT) Works
- Public Address (PA) & CCTV Security Systems

MEP Works @ TNHB Residence

RESIDENTIAL PROJECTS

Client: Tamil Nadu Housing Board

- Complete Residential Electrical LT Systems
- Fire Fighting & Life Safety Installations
- CCTV Security & Communication Systems
- HVAC Systems & Swimming Pool Filtration

Development of Thiru Vi Ka Nagar Bus Depot

GOVERNMENT INFRASTRUCTURE

Client: CMDA, Chennai

- Project Value: Rs. 6 Crore
- Transit Terminal Infrastructure Development
- Electrical LT Distribution & High Mast Lighting

EV Charging Station - 6 Depots / 600 Buses

ELECTRICAL INFRASTRUCTURE

Client: Metropolitan Transport Authority

- EV Charging Hubs across 6 Major Transport Depots
- Fleet Support Capacity: 600 Electric Buses
- High-Voltage 2500 KVA Transformers - 13 Nos.
- RMG Panels, VCB Breakers & Heavy LT Network

MEP Works @ Kalaignar Auditorium

GOVERNMENT INFRASTRUCTURE

Client: Public Works Department

- Auditorium Seating Capacity: 1,500 People
- Central HVAC Chilled Water System - 500 TR
- Complete Stage Lighting & Electrical LT Network
- Fire Detection, Sprinklers, CCTV & LVS

HVAC Work @ Freshworks - Global Infocity

COMMERCIAL IT PARKS

Client: Freshworks (Global Infocity - 4th Floor)

- Corporate IT Office HVAC Low-Side Works
- Precision DX Systems for Server & Critical Rooms
- Ducting, Diffusers & Acoustic Air Distribution

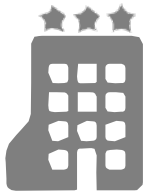

SECTORAL PRESENCE

BUSINESS OVERVIEW

Reje Coating Systems has been associated with some of the most Iconic EPC Projects executed across sectors such as Ports ,Harbours,Commercial Complexes, IT Parks, Hospitals, Hotels, Malls and Industries/Factories

Strong Presence in all the Metro Cities

Reje Coating Systems PRIVATE LIMITED is India's leading EPC contracting company

Capable design and engineering team with latest software tools such as BIM &MEP Revit and HAPP & BIM

WHY REJE COATING SYSTEMS PVT.LTD

Expert Knowledge in all the sectors

Hands on Expertise on handling core assets from the HUB of MEP Products Manufacturers

DIGITAL TWINS(TECHNOLOGY & PEOPLE) FOR DATA ANALYTICS

TAILORED SERVICES (ONE STOP SOLUTION FOR ALL YOUR FACILITY NEEDS)
